

# TSA and the American Cancer Society

For a number of years, TSA has partnered with the American Cancer Society (ACS) in the fight against cancer. Your TSA chapter can join in this effort and play an important role in helping to fund the vital research, education, advocacy, and patient services provided by the American Cancer Society.

All contributions raised from July 1 to June 1 each year will be tallied and counted towards recognition for the ACS Spirit of Service Awards. To be eligible for this award, chapter advisors complete the [TSA/ACS fundraising form](#) by June 1, annually.

For more information on how to get involved, visit [National TSA Service Project](#).

The American Cancer Society is a nationwide voluntary health organization dedicated to eliminating cancer. Established in 1913, the society is organized into six geographical areas of both medical and lay volunteers operating in more than 250 regional offices throughout the United States. Its global headquarters is located in the American Cancer Society Center in Atlanta, Georgia.

For more information on the fight against cancer, including research, treatment, healthy living, and how you can help, visit the American Cancer Society website at [www.cancer.org](http://www.cancer.org).
