

21st Century Leadership for TSA

A Virtual Leadership Resource

Training videos, developed by Kent Julian, nationally known youth motivational speaker, include content geared toward both middle school and high school TSA chapter members. These 5-10 minute videos focus on leadership and 21st Century Skills and are customized for TSA members.

Seven topics include:

- Teamwork
- Problem Solving
- Dependability
- Perseverance and Grit
- Initiative
- Creativity
- Communication

Click [here](#) to access the free 21st Century Skills for TSA, A Virtual Leadership Resource. Student members will need to set up an account on the leadership resources platform to start the training and track their progress. Each session includes a short video, an interactive quiz, and a downloadable leadership journal with activities related to the video topics. There will be one “journal entry” per video designed to help students take ownership of the leadership lessons learned. Once the first lesson in the course is started, new lessons will be made available every 14 days.

21st Century Leadership for TSA resources are available to members of affiliated chapters only who have set up a student member account on the [Student Member Site](#).
