# ARKANSAS

# TECHNOLOGY STUDENT ASSOCIATION

## WHAT IS TSA?

The Technology Student Association (TSA) is a CTSO that offers students the opportunity to...

- Develop real-world skills
- Strengthen their leadership abilities
- Explore career opportunities

## COMPETITIONS

Competition engages your students and takes their learning to the next level.

TSA offers lots of events, but we recommend starting with just a few. The "Show Up & Compete" competitions take little preparation before the State Conference; plus the skills are already embedded in your classes!

## SHOW UP & COMPETE MIDDLE SCHOOL

- Coding
- Electrical Applications
- Essays on Technology
- Forensic Technology
- Prepared Speech
- Problem Solving

## SHOW UP & COMPETE HIGH SCHOOL

- Coding
- Cybersecurity
- Debating Technological Issues
- Essays on Technology
- Extemporaneous Speech
- CAD, Architecture
- CAD, Engineering

## RESOURCES + OTHER EVENTS

Feel prepared because events come with a Competitive Event Guide and an Official Rating Form, as well as other resources to use in your classroom throughout the year.

Also, Arkansas TSA has events separate from competition at the State Conference that you can join if you're interested.
